Attack On US Ships In Jordanby Michael in New York on [8/19/2005 10:50:00 AM](#)

Rockets were launched but failed to strike two US ships in harbor at Jordan and at a Jordanian hospital. No US troops were injured, though one Jordanian soldier was killed by a stray missile. It's the first attack on US ships in that region since the attack on the Cole in 2000. But an attack on US ships surely isn't enough to end Bush's vacation. What would it take to get Bush back to work?
