### John Roberts' America

by Michael in New York on [8/19/2005 11:41:00 PM](#)

What do we know about Supreme Court nominee John Roberts? Based on the records we do have, his vision of America is this:

**ID cards for all citizens at all times**

**Voting rights** -- you're on your own; good luck

**Women's rights** -- what discrimination? (Roberts should talk to Justice O'Connor and learn her dramatic life story before blithely dismissing the idea that women suffer discrimination.)

**10 Commandments** -- his version gets posted all over the place; what's the big deal?

**School prayer** -- of course. As long as you pray to his god and in his way. (Buddhists and atheists and agnostics and people who think parents should be teaching their kids how to pray -- not the gym coach -- can take a hike.)

Find other examples of how Roberts wants to shape this country from his public record and we'll add it here.
