# Scottish Episcopal Church -- Gay Priests Fine

by Michael in New York on 3/23/2005 03:16:00 PM

The schism in the Episcopal Church grew wider today. Gay UK.com reports that the Scottish Episcopal Church said today it saw nothing wrong in ordaining actively gay priests and admitted it had blessed gay unions. This is what is known as doing God's work, so naturally they will be attacked on all sides for showing love and compassion for gay people who want to serve God and commit to faithful, loving, monogamous relationships.

Compounding their idiocy and hatred: a bishop in teh starving, beleagured country of Uganda is reported in the same article to have refused a donation of about \$300,000 to fight AIDS from the US diocese of Central Pennsylvania because it has links to the recently ordained gay bishop Gene Robinson. Yes, better his people should die from lack of medical care than accept money from people who don't hate gay people as vehemently as he does.
