

FRIDAY, FEBRUARY 11, 2005 Way Off Topic -- My New Website

by Michael in New York on 2/11/2005 06:10:00 PM

When I'm not honing my political rants on Americablog, I work as a freelance entertainment journalist in New York. I've just launched my website which contains more than a thousand articles, features, reviews, essays and more covering movies, music, books, theater, television, DVDs and anything else pop culture-related. I've also just posted my lists of the best movies and CDs of 2004. John was kind enough to suggest I post a link here for anyone who might want a break from politics at the end of the week. You can go to the website at:

www.michaelgiltz.com

or jump right to the Best CDs of the year here or the Best Movies of the Year here. Thanks for taking a look.
